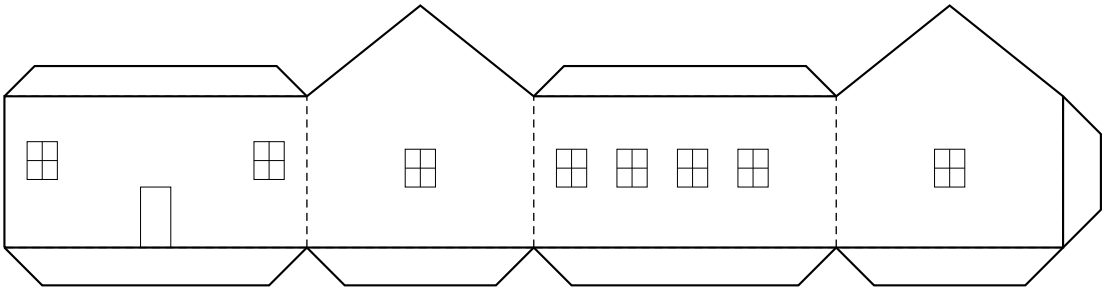
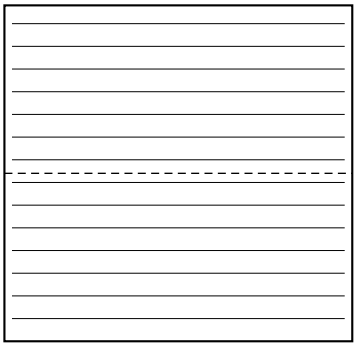
Page 1 - Cottage & Two-Story House

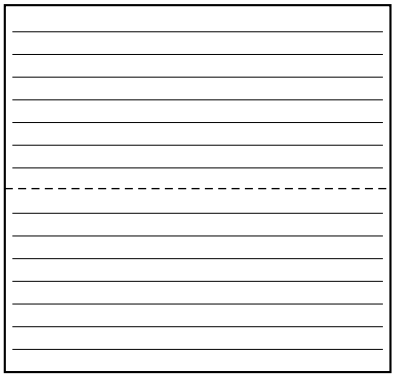
Mat's Paper Village - 1:150 (N gauge). Solid = cut, dashed = fold (valley), tabs = glue. Print at 100% / actual size on 160-200 gsm card. Colour in before cutting.



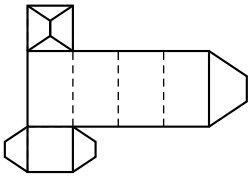
1. Cottage body



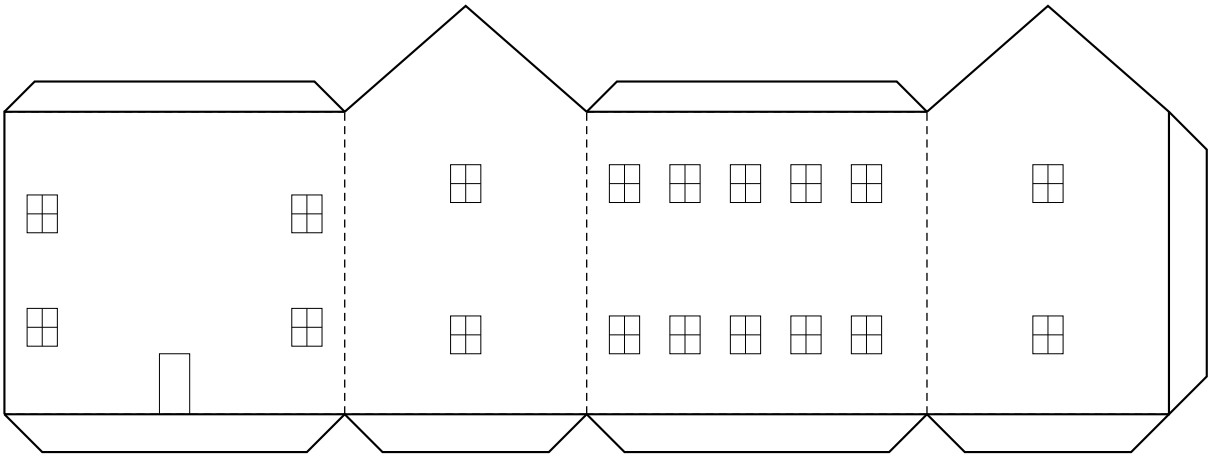
1. Cottage roof (fold ridge, glue onto top tabs)



2. Two-story roof (fold ridge, glue onto top tabs)



1b. Chimney (box)

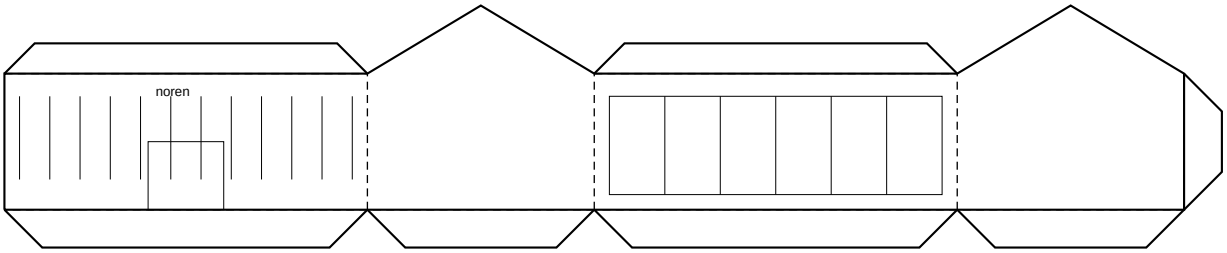


2. Two-story house body

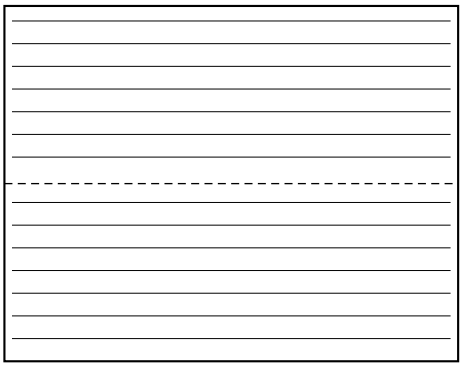
scale check: this line = 50 mm

Page 2 - Japanese House (machiya) & Village Shop

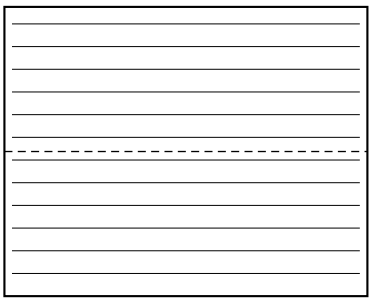
Mat's Paper Village - 1:150 (N gauge). Solid = cut, dashed = fold (valley), tabs = glue. Print at 100% / actual size on 160-200 gsm card. Colour in before cutting.



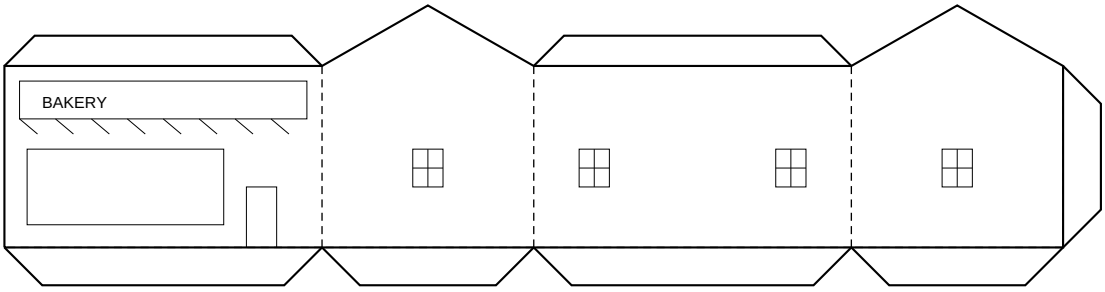
3. Japanese house body (lattice front, shoji back)



3. Kawara roof - deep eaves (fold ridge, glue onto top tabs)



4. Shop roof (fold ridge, glue onto top tabs)

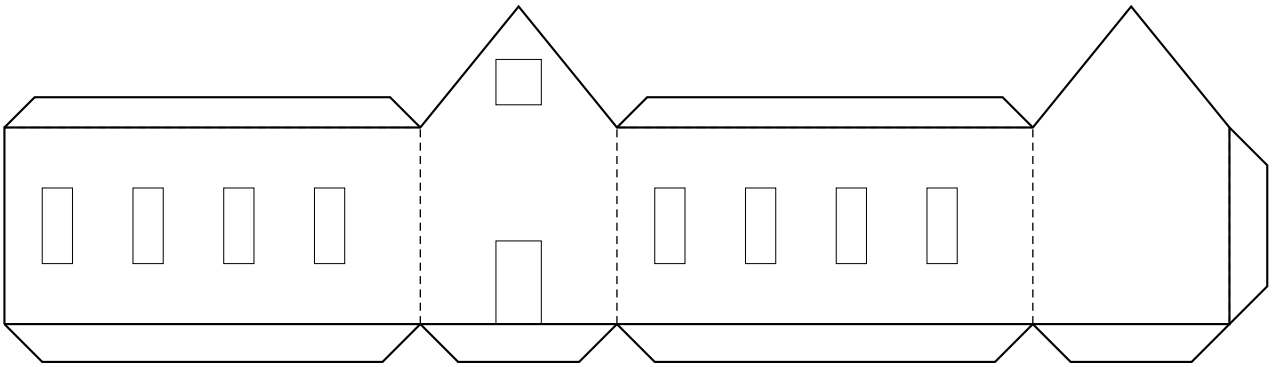


4. Shop body

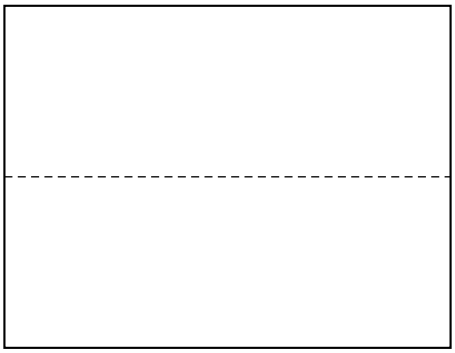
scale check: this line = 50 mm

Page 3 - Church & Temple Hall

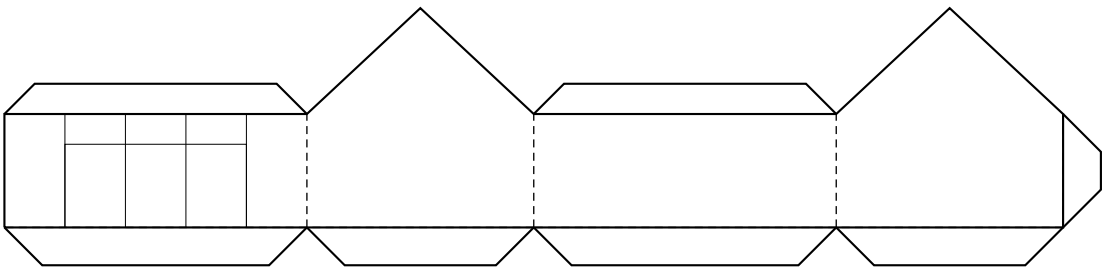
Mat's Paper Village - 1:150 (N gauge). Solid = cut, dashed = fold (valley), tabs = glue. Print at 100% / actual size on 160-200 gsm card. Colour in before cutting.



5. Church nave (door on gable end)



5. Church roof (fold ridge, glue onto top tabs)

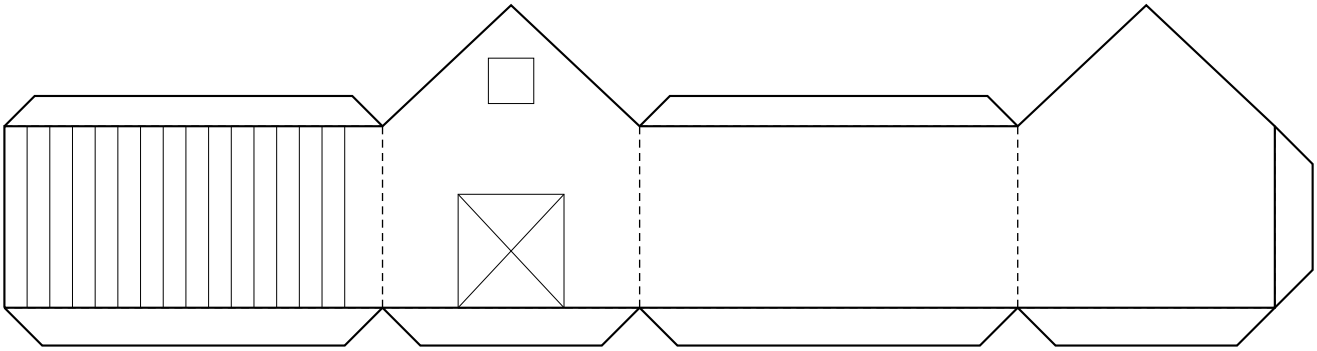


5b. Temple hall body

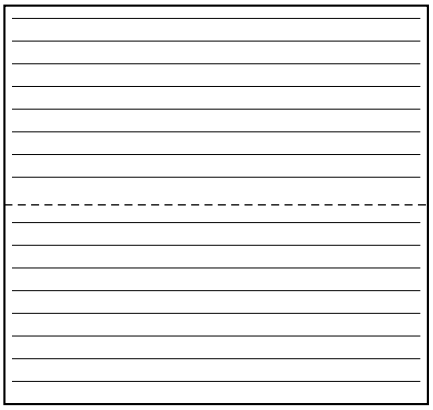
scale check: this line = 50 mm

Page 4 - Barn & Mat's App House

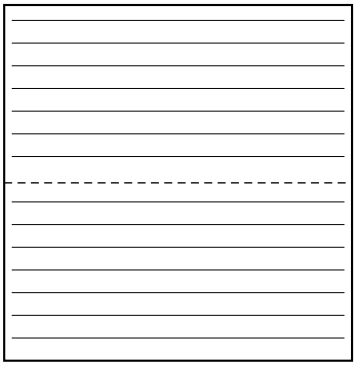
Mat's Paper Village - 1:150 (N gauge). Solid = cut, dashed = fold (valley), tabs = glue. Print at 100% / actual size on 160-200 gsm card. Colour in before cutting.



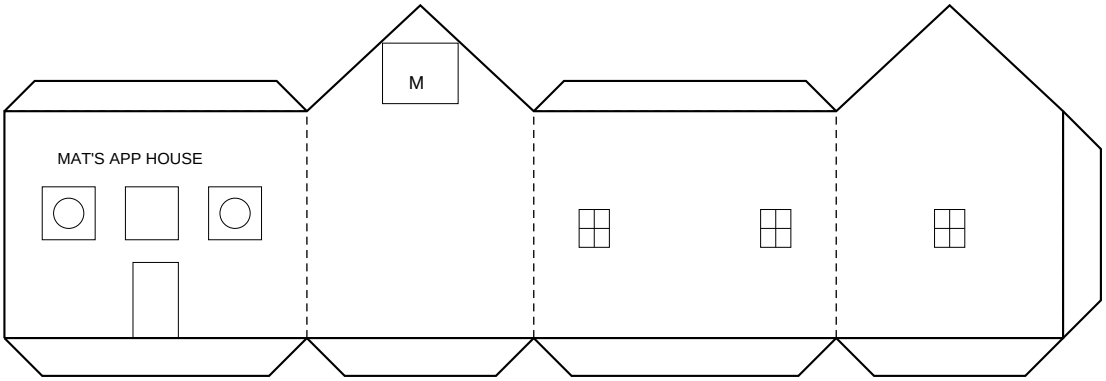
7. Barn body



7. Barn roof (fold ridge, glue onto top tabs)



BONUS roof (fold ridge, glue onto top tabs)

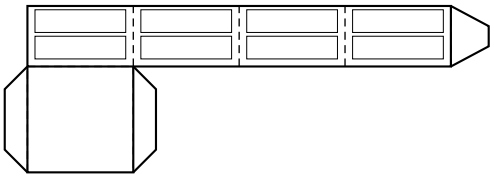


BONUS. Mat's App House (colour pink & green!)

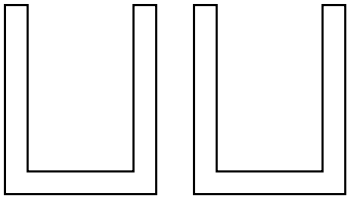
scale check: this line = 50 mm

Page 5 - Well, Trees, Fence, Bridge, Bench & Cart

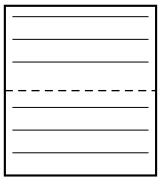
Mat's Paper Village - 1:150 (N gauge). Solid = cut, dashed = fold (valley), tabs = glue. Print at 100% / actual size on 160-200 gsm card. Colour in before cutting.



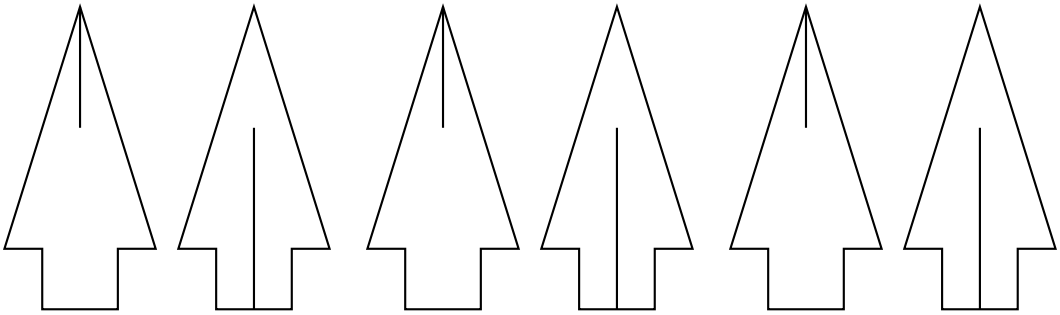
8. Well base (open box)



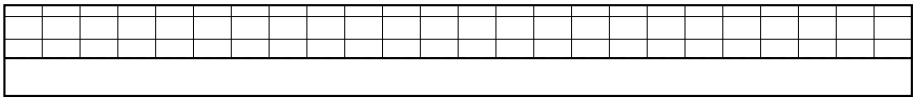
8b. posts x2 (glue inside)



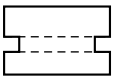
8c. Well roof (fold ridge, glue onto top tabs)



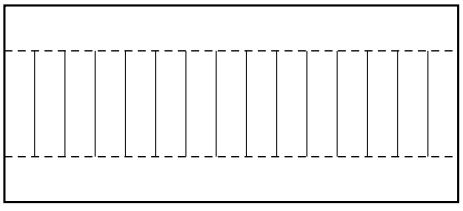
9. Trees x3 - cut the centre slit, slot each pair together (one slit from top, one from bottom)



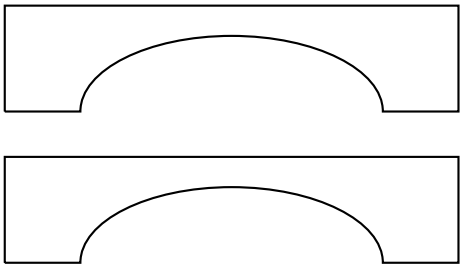
10. Fence - fold base flap back, bend to any shape



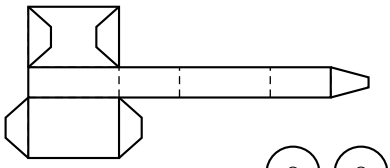
12. Bench (fold Z)



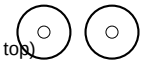
11. Bridge deck - fold rails up 90 deg



11b. Arch sides x2 - glue under deck edges



12b. Cart body (open: skip top)

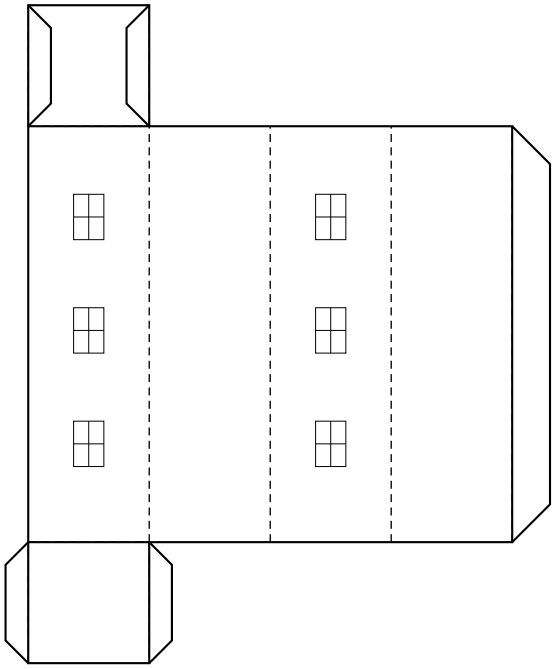


wheels x2

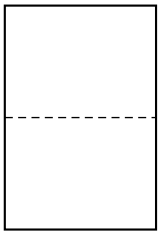
scale check: this line = 50 mm

Page 6 - Watch Tower & Temple Roof

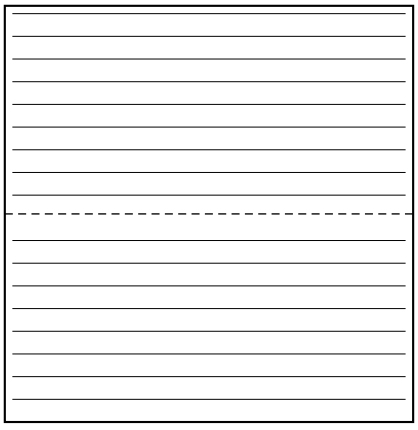
Mat's Paper Village - 1:150 (N gauge). Solid = cut, dashed = fold (valley), tabs = glue. Print at 100% / actual size on 160-200 gsm card. Colour in before cutting.



6. Watch tower (box)



6. Tower cap (fold ridge, glue onto top tabs)



5b. Temple roof (fold ridge, glue onto top tabs)

scale check: this line = 50 mm
